THE "PHILOSOPHIC OWLS."—We are requested to state that the mysterious flock of "Philosophic Owls" will perch to-morrow morning at two o'clock on their accustomed boughs, to do honor to the owlest of owls with characteristic "hootings." What this body is, or what its object, no one appears to know; but we understand the society, if we can employ the term, is composed of many of our most intelligent and cultivated, though peculiar, citizens. Who the devil are the "Philosophic Owls?" Can any one tell us?

SABBATH SCHOOL ANNIVERSARY .- We learn that the teachers and scholars of the Ninth-street Baptist Sabbath-school are preparing some interesting exercises for the celebration of their next anniversary, which will take place early in December. Original addresses, recitations, declamations, &c., will be delivered by the children belonging to the school, who will also sing several beautiful hymns prepared expressly for the occasion. SHOCKING AFFAIR-A CHILD TWO YEARS or Age Burst to Death.—A little daughter— two years of age—of Hiram Havlin, who has recently been boarding at the American House, on Broadway, near Second-street, was so horribly burnt on Tuesday evening last that, after lingering in the utmost agony until yesterday morning, she died. She had been placed in the charge of a nurse and was play-ing about the floor, her protector being en-gaged in sewing. The girl, however, left her for a few minutes for the purpose of procuring some materials to finish a garment, and while she was absent the child crep toward the fire and her clothes by some means caught. In a few minutes the fiery fingers of the flame reached her life, and before assistance was ob-tained had so far destroyed it that all the eforts of her physicians were without avail.

At Mr. Noble's instance, the Board of City Improvements was instructed to have paved the sidewalk on east side of Vine-street at Covington Ferry Landing, and to have a gas lamp placed and lighted at Emery's corner.

Fire Alarm and Police Telegraph.—A memorial was received from Messrs. Gamewell & Co., of Camden, S. C., proprietors of the American Fire-alarm and Police Telegraph, asking a committee that they may confer as to the introduction of their improved system.

The Committee on Fire Department and Chief Engineer were designated for that purpose.

POLIOR COURT .- Business at the Police Court, for some days past, has been remarkably dull, and, although the number of cases has been generally quite as large as usual, those which seemed to be worthy of notice have been few and far between. Yesterday Judge Lowe dis-posed of twenty-one cases, but their lack of interest would hardly entitle them to a single

paragraph. We mention the following for reasons that are apparent.

The eight men, who, as our readers doubtless remember, were arrested a day or two ago, upon suspicion of having been connected with a gang of thieves in Cleveland, were discharged, no evidence of their guilt having been made evenifest.

Madrew Sarver, who, a few months ago, gained a somewhat unenviable notoriety by shooting Theodore Pettit, in a little difficulty on Sycamore-street, near Third, visited a bagnio on Home-street, night before last, and abused some of the inmates to such an extent that they were induced to seek protection at the hands of the law. He was arrested upon two separate charges, and, in default of bail, committed to jail to await a final examination before Judge Lowe on Friday next.

The two confidence men, William Davis and John C. Watson, arrested day before yes-

torday, while in an attempt to swindle a trav-eler whom they happened to meet on the levee, were sent to the City Prison for a term

of twenty days each, for vagrancy.

A woman named Ann Baker, nearly sixty
years of age, residing at the corner of Poplar and Linn-streets, was yesterday sent to the City Prison for ten days, upon a charge of disorderly conduct.

An East End Grievance.—Messrs. Schults and J. H. Walker complain to the City Council that the laying of the Pendleton Street Railroad along East Front-street, now occupied by railroad tracks, would be an unendurable annoyance and injury to their property, from which it will become them to protect themselves by law from what they call a tyrannical oppression. They declare that for the last twelve or fifteen years their lives have been jeoporded, their rest at night broken from the incessant use of locomotives both day and night, at a speed ranging from ten to twenty miles per hour, and with trains attached covering nearly the whole distance between the said junction of Congress and Front-streets up to Washington-street. She was on a visit to a relative of her mother's, who resides in the country about fifteen miles from the city, and was amusing herself near a mill of some kind, worked by horse-power, the animal being attached to the end of a long lever which moved in a circle. By some means she ran within the circle and the lever struck and threw her against a post with such force as to break her collar-bone and cause a concussion of the brain, from the effects of which sheldled in a few hours. The child was much beloved by all who knew her for her quiet and amiable manners, and we are informed that she died fully conscious that she was passing to another life, and with a resignation, which, had she been older, sould have been produced by nothing save the purest philosophy.

\$2,500.—About eight o'clock last evening a fire broke out in a two-story frame tenement, occupied by Hamilton Lyon as a Petholeum Oil Factory, on the south side of Third-street, between Butler and the Miami Canal; and between Butter and the Manni Canai; and before the fismes could be extinguished the building was completely destroyed. Lyon was looking about with a lighted candle, when the fiame of the wick ignited some oil, and caused the conflagration, the proprietor's face and hands being severely burnt in his efforts to extinguish the fire. The loss is about \$2,500, when which there is no incurance. About a upon which there is no insurance. A GAY DECRIVER SENTENCED TO THE PENTTENTIARY.—About two years ago a young man of
genticel and presonessing appearance went to Bourbon County, in this State, where his excellent deportment and plous demeanor won the confidence of many
of the people, including some of the fair sex. He remained in the neighborhood for some months, when
his real character became known; but the knowledge
came too late, for he had aiready woods and won the
daughter of a wealthy farmer, in the neighborhood
of 6ynthians, Harrison County, with whom he had
eloped; and to whom he was married in Uncinnati.
Last March he was arrested by Officers Dickey and
stiff of this city, on a charge of horse stealing, and by
them carried to Georgetown, and there incarcerated
in jail. On Monday last he was brought into Court
for trial, when he confessed his guilt, and was sentenced to the penitentiary for five years.

PIRE'S OPERA-HOUSE -- The, to us not agree able, because unsafilant, comedy of Syll. Warras RIN Dant, was finely remelered last evening at the Opera-house to a cultivated audience. SMITH & NIXON'S HALL.—The complimentary concert to the Scottish vocalist, Mr. Crawford, at Earth & Nixon's Hall, last night, was well attended, and the programme, which was excellent, was finely sung. The compliment was descreed, and by the beneficiarie, will be long remembered.

OLYMPIC .- This establishment, on Fourthstreet, near Main, has been receiving its share of patronage, and the performances have nightly given satisfaction to all who have attended them. Their entertainments, if we may judge from the audiences, are always amusing, and the delight of those who witness them manifests itself in unbounded applause.

LAW REPORT.

SUPERIOR COURT. TRUSTRES OF TER CRIO LIFE INSURANCE AND TAUST COMPANT.—In ROOM NO. 1. before Judge Storer, the petition of Charles Reemelin, asking to be discharged from his office as one of the Trustees of the Trust Company, for the reason that the affairs of the Company were in such a condition as to require only one Trustee, and also alleging private quartees as another reason—was granted, and the case continued in Court for the petitioner to file an account of his trusteesh'p.

Loshabu vs. Symovs.—The defendants are co-partners in the brewing business. This was an application to appoint a Receiver, which the Court refused, but appointed a special matter to take an account, and ordered Struve, who was in possession, to give bond in \$5,000 to abide the decree in the case.

Charles Broadwell vs. J.; L. Ruffin.—An notice the bloom of the Collins for false arrest. The plaintiff some years ago was fined in the Police Court for obstructing the side-walk. Execution was issued for the fine, and the officer returned "no property." The defendant then made the arrest. It appeared in proof that the plaintiff had property. Verdict for defendant.

The Alleged Kidnapping Case.—Judge Collins disposed of the application made in the matter of Michael Weaver, who, as stated in a former report, was in custody on a charge of kidnapping a colored boy, supposed to be a slave. The case was heard on habeas corpus. The Court dismissed the writ, and remanded the petitioner.

The Discount-houses are doing as much of the good Paper offered by their customers as they convicationly can at 10g512 per cent., but they are often compelled to reject astisatory names. Borrowers in the strest are increasing, and pay as high as 18 per cent., and sometimes 24 for Honey, without a murmur.

The discount on Missouri Paper was advanced yesterday in Third-street to 13d, and of Lowa, lilinois and Wisconsin to 2 discount. Other uncurrent notes were unchanged.

Gold is very dull, and dealers still refuse to pay more than par to outsiders for coin.

For Eastern Exchange the buying rate was 3 and theselling 3d, but Mowry & Co. were drawing for 3d for their checks.

Flour was very firm yesterday, and the views of holders were rather above the quotations, which, however, were mot advanced. The demand for Whicky was good at full prices. Hogs were in active request, and rates had an advancing tendency, the sales reaching 1,75 head at 35 7563 89. Provisions were brisk, and Mees Pork asked 315 per bri. All kinds of Grain were stoady.

Thursday's Tribune speaks of last week's New York Bank statement, already telegraphed to the Press, as follows:

follows:

The weekly statement of Bank averages is quite as favorable as was anticipated, capecially in the specie roserve, which only shows a decrease of \$443,000. The contributions from other cities during the past week have been larger than was supposed. All the large Atlantic cities are in debt. to New York, and must settle balances in gold. The banks probably opened the week with less than \$19,000,000. The rapid expansion of loans have been checked, and we had expected no increase in that line. We find, however, on inquiry, that some of the banks which have declined discounting have been making demand loans on Paper with considerable freedom, thus keeping better control of their funds. The change in deposits is very small.

The same number of the Tribune thus refers to funncial affairs on Monday:

The Clearing-house business was very large today, amounting to \$28,679,117. There is a moderate demand in the street for Treasury Notes at 1-102/2 per cent. discount for 5% per cents. Mr. Cleor made a sale of \$100,000 at par. There is an entive speculative movement in Land Warrants, and the street has nearly been swept of them at a considerable advance on the quotations of last week. There is no marked change in money from Saturdey, but rates are ½ to 1 per cont. higher than within a week or ten days. Very few names go below 6 per cent., and fourmonthe Paper is? per cent. Demand Loans are generally 607 per cent., although some transactions are still made at 5 per cent. and running 5 per cent. Loans are undisturbed. We hear of no Gold yet engaged for the Wednesday steamer.

There is but a moderate demand for foreign bills, and the quotations are without change. The supply of outside bills does not increase, but the bankers are free drawers. Sterling is 109½@110. Francs 5.164@5.13%.

The Money market in Baltimore is growing more stringent, and very little paper can now be sold there in the street lower than 9 per cent. while good names are often disposed of at 10 per cent. The banks in the title of the past week, and more paper forced upon the frequiar quarters.
